Otternic Pond Abutter,

Aquatic Control Technology, 21 West Main Street, Spencer, MA 01562, Telephone 508-885-0101 or 800-462-8211, has been contracted by the Town of Hudson to treat portions of Otternic Pond in Hudson. Portions will be treated with USEPA/State registered herbicides Clipper (flumioxazin), EPA Registration Number 59639-161 and CleanAmine (liquid 2,4-D amine), EPA Registration Number 34704-120, on or about Thursday, June 25, 2015, in accordance with Special Permit SP-120 issued by the NH Division of Pesticide Control.

The following temporary water use restrictions will be imposed on the day of treatment:

- No swimming for 24 hours following treatment, within 200 feet of treated areas.
- Do Not Use this water for drinking, irrigation or for mixing sprays for agricultural or ornamental plants until further notice. Some irrigation restrictions may be relaxed, as per the pesticide label, at the discretion of the applicator. These restrictions apply to all intakes within 1,200 feet of the treatment area, and to all wells within 50 feet of the treatment area. Contact Aquatic Control Technology, 21 West Main Street, Spencer, MA 01562, Telephone 508-885-0101 or 800-462-8211, info@aquaticcontroltech.com for information on the release dates of these restrictions or for additional information on the irrigation restrictions.

The shoreline will be posted with signs warning of the temporary water use restrictions that will be imposed, immediately prior to treatment. If you have any questions concerning this treatment, contact Marc Bellaud, Aquatic Control Technology at the above address.

Robinson Pond Abutter,

Aquatic Control Technology, 21 West Main Street, Spencer, MA 01562, Telephone 508-885-0101 or 800-462-8211, has been contracted by the Town of Hudson to treat portions of Robinson Pond in Hudson. Portions will be treated with USEPA/State registered herbicides Clipper (flumioxazin), EPA Registration Number 59639-161 and Reward (Diquat), EPA Registration Number 100-1091, on or about Thursday, June 25, 2015, in accordance with Special Permit SP-121 issued by the NH Division of Pesticide Control

The following temporary water use restrictions apply to all intakes within 200 feet of the treatment areas, drawing water for drinking or irrigation purposes, and to all wells and points within 50 feet of the treated areas:

- No swimming for 24 hours following treatment, within 200 feet of treated areas.
- Do not use this water for livestock/domestic animal consumption for 1 day, within 200 feet of treated areas
- Do not use this water for drinking, irrigation or for mixing sprays for turf or landscape ornamental plants for 3 days
- Do Not Use this water for irrigation to food crops or for mixing sprays for agricultural or production ornamental plants for 5 days

The shoreline will be posted with signs warning of the temporary water use restrictions that will be imposed, immediately prior to treatment. If you have any questions concerning this treatment, contact Marc Bellaud, Aquatic Control Technology at the above address.
