The Bee Gees were formed in 1958 consisting of brothers Barry, Robin, and Maurice Gibb. Their songs topped the charts in the late 1960s and early 1970s, and as prominent performers of the disco music era in the late 1970s. **The Bee Gees have sold more than 220 million records worldwide, making them one of the world's best-selling music artists of all time**, and were inducted into the Rock and Roll Hall of Fame in 1997. The Bee Gees' Hall of fame citation says "Only Elvis Presley, the Beatles, Michael Jackson, Garth Brooks and Paul McCartney have outsold the Bee Gees."

This highly renowned group has thrived on the international music scene longer than any other group in pop history (5 Decades), attesting to extraordinary talent and tenacious adaptability. Because of their distinct and blended harmonies, the brothers Barry, Robin and Maurice Gibb have offered an impossible challenge to those who would pay them homage... **until now.**

Stayin' Alive, with the vocal match of Tony Mattina, Todd Sharman, and George Manz, creates a realistic sense of hearing and experiencing the brothers' Gibb live in concert. **Stayin' Alive** features the vocal trio, backed by studio musicians who wholly capture the sound mystique of The Bee Gees. This show **GREAT**, stage presence is **GREAT**, Perfect to the original artists!!
