# TOWN MEETING, WHERE?

Town meetings: an old New England tradition where voters gather to discuss and decide on matters which affected their town. Our first town meeting was held in 1733; our most recent will culminate with the general election on March 14. During these 290 years, as our boundaries and demographics have shifted, so has the location of our town meetings.

This [bronze tablet](#), shows the many founding dates and potential boundary changes for our town. We were a part of Dunstable, MA until 1733.

As the number of settlers on this side of the river increased they petitioned the Massachusetts General Court to be set off as a separate town. On January 4, 1733, the charter for Nottingham, MA was granted with the provision that a town meeting be held within 3 months and a minister settled within 3 years.

First Meeting House historic marker

The first town meeting was held May 1, 1733, at the home of Ensign John Snow, located on what is now Wason Road, just south of the intersection with Gowing Road. Officers were elected and initial action taken to establish a site for a meeting house.

After survey and much debate a site was agreed upon and the first meeting house built on what is now Musquash Road.

According to Webster’s History of Hudson, subsequent town meetings for Nottingham, MA, with one exception, were held at the home of Ensign John Snow until the meeting house was built in 1734. Once was completed, they met at the meeting house.

As it turned out, the town of Nottingham, MA remained as such for only 9 years, until 1741 when the boundary between the provinces of NH and MA were settled. The section which remained in NH was called the District of Nottingham.

After 1741 a number of smaller New Hampshire towns were spun off from this district and incorporated within NH. Nottingham West was incorporated in 1746 and a charter issued July 5, 1746. Nottingham West contained most of the lands of the present town of Hudson, except for those acres in Londonderry and minor adjustments to the boundaries with Windham and Pelham.

During this period and until a convenient location for a new meeting house was established, town meetings were held at either the home of Samuel Greeley or Benjamin Whittemore (located near the present Blodgett Cemetery). A second meeting house was built near Blodgett Cemetery and the first meeting held there August 3, 1748. Meetings continued to be held at the second meeting house until 1778 when it was voted to hold future meetings at the Rev. Mark Strickland’s house (aka North Meeting House).

*Continued on page 3*

The north meeting house, located in Hudson Center, was built by the Presbyterians about 1771. It was a simple house as it had no belfry, no chimney, and no heat. Foot stoves containing hot charcoal were used for warmth during the winter weather. At different times it was occupied as a house of worship by the Presbyterians, Congregationalists, and lastly by the Baptists. In 1842, after constructing a new meeting house in Hudson Center, the north meeting house was deeded to the town by the Baptists. Town meetings, with a few exceptions, were held here until 1857. After braving 86 years it was torn down to make room on the same site for the [Town Hall](#) which was erected that same year by Mr. William Anderson under contract from the town of Hudson. Once completed all town meetings were held here until 1939 when a warrant article was passed for future Town Meetings to be held in the auditorium of the new [Junior High school](#) (now H.O. Smith School).

Meetings continued at the H.O. Smith auditorium until 1963. For the years 1964 and 1965 they were held at the Alvirne High auditorium. By 1966 the [Memorial School](#) at Thorning Road was completed and Town Meetings moved to the Leonard Nute auditorium until 1974 when they moved to the Lions' Hall on Lions Avenue until 1985, when they returned to the Memorial School.

The March 15, 1985, town meeting was expected to be the last for our town. A new town charter had been adopted and the local government was changed to a representative government where the town was divided into 9 districts, each with representation which together, along with at-large members constituted the Town Council. This lasted until July 1, 1992, when the charter was returned to a Board of Selectmen.

We have since adopted the deliberative session to review our town warrant. Individual voters are encouraged to attend a session where each article is reviewed, discussed, and amended as allowed. The deliberative session for 2023 was held February 4 and recorded by HCTV. **The general election and voting of warrant articles will be March 14.**

# DETAILS ABOUT YOUR CURBSIDE COLLECTION

## Trash Collection: FREE CART Provided by the Town

Your black cart with the black lid may be placed curbside weekly for trash collection. Remember that all trash **MUST BE BAGGED** before being placed in the cart and the cover **MUST BE CLOSED**. If your household generates additional trash that cannot be handled with one cart, you may subscribe to overflow trash service from Pinard Waste Systems (see below). Items left outside of the cart **WILL NOT BE COLLECTED**.

## Overflow Trash Collection: SUBSCRIPTION SERVICE through Pinard Waste Systems

Recyclable material makes up, on average, 60% of household waste. By recycling everything our program allows, the black cart provided by the Town should be sufficient for most residents' trash needs. For those with greater trash needs Pinard Waste Systems is providing overflow service for an annual fee of \$201.00. The subscription period will run from July 1st - June 30th, and will be pro-rated for those subscribing after the start date. Full year subscriptions will not be prorated for early removals. Subscription customers will receive a second cart, with a yellow lid, which can be placed curbside along with the cart provided by the Town. At the end of the subscription period, if you choose NOT to renew, Pinard will remove the cart. To sign up for subscription service, visit [www.pinardwaste.com](http://www.pinardwaste.com) or call 800.675.7933.

## BLUE CARTS: Single Stream Recycling

Single Stream Recycling is a program that allows you to place all of your recyclables in one bin. Recycling is collected every other week according to the street listing and calendar on the following pages. All recyclables must be placed in the collection cart **LOOSE (NO BAGS)**. **OVERFLOW OF FLATTENED CARDBOARD IS ALLOWED ABOVE THE TOP OF THE CART WITHIN REASON**. Items that fall off or are left outside the cart **WILL NOT BE COLLECTED**. If you're experiencing a persistent, on-going problem whereby your need exceeds the capacity of the cart provided, you may purchase an additional cart for a one-time fee of \$85 (for 65 gal) or \$100 (for 95 gal) by calling Pinard Waste Systems at 800.675.7933. Additionally, to conserve space in your cart, cardboard and paper recyclables can be brought to the town's landfill (no pass required) on the Landfill Open Dates and Landfill Yard Waste Dates listed on page 1.

## Guidelines for Automated Collection

Please read this resident user guide completely. It contains important program information.

- All trash should be bagged and placed in the black cart with the black lid, and the lid closed.
- Trash left beside the cart or in other containers will not be collected.
- Collection carts must be set in an accessible location: At least 5 feet from any obstruction such as trees, telephone poles, parked cars, mailboxes, other carts, etc. Approximately 2 foot from the curb and away from low hanging utility lines.
- Carts that are inaccessible will not be serviced until the following week.
- The cart must be placed so that the handle faces away from the street.
- All carts must be at the curb **by 6:30 AM** on your collection day.
- No hazardous waste, building materials, yard waste, brush, liquids, ash, or recyclables should be placed in the trash carts.
- Blue recycling carts should be placed following the same guidelines as trash carts.

## Cart Information & Barcoding

Hudson Residents will receive one free cart for trash and one for recycling as part of the automated collection program. These carts are the property of Pinard Waste Systems and should not be defaced or modified in any way. You are encouraged to remove all the recyclable items out of your regular trash, before opting for the overflow subscription program. Recycling will reduce the volume in your trash significantly. The recyclables you remove save the Town of Hudson a substantial amount of money; money which comes out of your taxes! **Note:** All carts are bar-coded to the residential address to which the cart is placed. If you choose to subscribe to overflow trash service, you will receive an additional cart which has a yellow lid. This cart is also bar coded to the residence to which it is delivered. Carts may not be loaned or sold to another resident. No residential address may have additional free cart colors. If this happens, the cart will be scanned and returned to the correct address.

Place collection cart 2 feet from curb, and at least 5 feet from any obstruction (ie. parked car, other carts, or a tree). On one way streets, carts should be placed on the right-hand side of the street.

## Missing or Damaged Carts

If for some reason the cart is destroyed, a new cart will be provided free of charge upon the return of the damaged cart. Missing carts will be replaced upon notification to Pinard Waste Systems. Damaged carts will be repaired at no cost to the resident. Call Pinard Waste Systems at 1-800-675-7933. Please detail the nature of the needed repair. (Lid, wheel, etc.)

Recyclables will be picked up on an alternating weekly schedule, along with your regular trash collection. Please refer to this calendar denoting which week to place your recyclables out for collection.

**HOLIDAY AFFECTING COLLECTION:** Collection of trash & recycling will be delayed by one day if your collection day falls on or after the holiday. Weekend Holidays do not affect collection.

# RECYCLE RIGHT!

Recycling rules have changed. What you think you know may not be accurate. Many items that may have recycle value, are not allowed in the Single Stream mix. Just because an item is Metal, Paper, Glass or has a triangle on it, doesn't make it acceptable. Here are some simple guidelines that should help you to Recycle Right.

### METAL

Food & Beverage Cans,  
Clean Aluminum

*If it's not made of aluminum, tin, or metal... It's Trash*

### NO

Electronics, Batteries, Pots,  
Pans, Clothes Hangers,  
Tools, Electrical Cords

### PLASTIC

Bottles, Jars, Jugs, Tubs  
5 gallon maximum

*If it did not come with a lid or cap... It's Trash*

### NO

Bags, Wrap Tarps,  
Film, Styro-foam  
Clothes Hangers, CDs,  
Utensils, Straws, Cups,  
Garden Hoses, Toys,  
Cell Phone Cases, Flower, Planters,  
Rubber

### GLASS

Bottles, Jars

*If it did not come with a lid, cap or cork... It's Trash*

### NO

Ceramics,  
Baking Glass,  
Light Bulbs,  
Windows,  
Porcelain

### PAPER/CARDBOARD

Paper, Newspaper,  
Magazines, Boxes

*If you can't tear it... It's Trash*

### NO

Waxed Paper,  
Orange Juice/  
Milk Cartons,  
Hard Cover Books,  
Plastic Coated Paper,  
Wrapping Paper,  
Tissue Paper

**The largest source of contamination is plastic bags, styrofoam, and food waste.**

When in doubt, go to [www.RecycleSmartNH.org](http://www.RecycleSmartNH.org) Enter in the item to find out if it's recycling or trash!

Because of global changes to recycling, the industry has changed how they describe what can and can't be recycled in residential programs. They have moved away from the "look for the symbol," and "1-7" terminology, and instead are spelling out the TYPES of items that are included in the program.

### Corned Beef and Cabbage

- 4-5 pound corned beef
- 1 large onion, quartered
- 3 cloves garlic, peeled
- 4 sprigs fresh thyme
- 4 bay leaves
- 4 cups beef broth
- 1/4 cup Dijon mustard
- 1/4 cup packed brown sugar
- 1 small head green cabbage, cut into 8 wedges
- 8 small red potatoes, quartered
- 4 carrots, cut into 2-inch pieces

- Rinse the corned beef under cold water and place it in a large slow cooker.
- Add the onion, garlic, thyme, bay leaves, beef broth, mustard, and brown sugar to the slow cooker.
- Place the lid on the slow cooker and cook on low heat for 8-10 hours, or until the meat is tender and easily pulls apart with a fork.

- Cover the slow cooker and continue cooking for an additional 30 minutes, or until the vegetables are tender.
