Re: FY 2022 Town Operating Budget

At the budget parameter setting meeting in August, the Board of Selectmen directed department heads to submit level funded operating budgets, exclusive of labor and benefit costs, with other major items or new initiatives identified separately for the Board's consideration, either as a request outside of the department budget or in the form of a warrant article. The department heads submitted an operating budget that equals \$36,752,122 including sewer, water and library budget requests. Offsetting non-property tax revenues have been budgeted in the amount of \$21,875,428. The operating budget as prepared by the department heads yields an estimated Town tax rate of \$6.53 per thousand, a \$0.39 cent increase compared to this year's estimated Town tax rate of \$6.14 per thousand. There are also several warrant articles that have been submitted and they add an additional \$0.23 cents to the tax rate per thousand.

Re: Potential Net Tax Base Growth in Property Tax Year 2021

The Assessing Department has been asked in the past to provide a net growth figure for the next future property tax year, one that focuses exclusively on new construction, subdivision, site plans, etc., less deductions in value (abatements, court decisions, demolition, personal exemptions, etc.).

The Assessing Department, because of the April 1<sup>st</sup> new construction pick-up date, frequently lags behind the building market as many projects do not start-up until the late-spring and the new values do not get picked up until the following tax year. There are two additional, complicating, factors in estimating net new growth for the 2021 property tax year; the first is HB700, that may decrease our public utility distribution value by approx. \$5 million, as well as the effect of a still decreasing assessment ratio effect upon utility valuation, estimated to be another \$5 million loss. The impact of tax abatements associated with COVID-19, as well as anticipated abatement requests from commercial/industrial property associated with our decreasing assessment ratio, may also adversely impact any valuation growth estimates.

However, we do expect continuing value growth with projects such as Griffin Road subdivision, Flagstone Crossing retail development, Autumn Run subdivision, Granite Heights subdivision, Mansfield Drive subdivision, Subaru dealership improvements, and Eagles Nest, itself the largest estimated contributor of new growth for 2021. Therefore I anticipate a conservative pick up of **approx. \$30,000,000 in new net "real" growth for the 2021 property tax year**. Please keep in mind that this is not an exact knowable number, and additional property tax exemptions/credits that are potentially added/modified could also have an impact, as well as any 2020 tax abatements, projects not commencing as planned etc.

To: The Board of Selectmen  
Steve Malizia, Town Administrator

From: Lisa Nute, IT Director

Date: October 2, 2020

RE: Out of Budget Expenditure

Subj: New Checkmate Subscription at the Request of the BOS

I am respectfully requesting that the Board of Selectmen add the following new annual subscription cost for a new program by Kronos called CheckMate. This is the "time clock" system planned for installation at one location at Town Hall.

Recreation personnel will be required to check in remotely in order to save equipment and setup costs.

Annual cost for 40 users: \$3,240

Proposed Line Item: 5177-215, IT-Town Administration

Re: FY2022 Budget Request

**I am pleased to present the following IT Department Proposed FY2022 Budget, cost center 5330 for your review.**

The IT budget is level funded. Funding in each line item is based on anticipated needs and projects through collaborative discussion with fellow department heads, as well as necessary upgrades and Fiscal Year 2022 goals of the IT Department.

There are three items requested outside of the budget parameters for the Board's consideration. One will be presented in 5177, IT-Administration, one in 5477, IT-Assessing, and the third in 5777-Fire.

Please feel free to contact me for any additional information the Board of Selectmen may require.

RE: New Mass Appraisal Software – Assessing Department

The Assessing & IT Departments are jointly proposing that the BOS authorize an appropriation for replacement of, and conversion thereof, of the Assessing Departments CAMA (Computer Assisted Mass Appraisal Software) program. The Town has been utilizing Patriot Properties' AssessPro, Classic version software since 2002. We will have seen 20 years of use by the time a database conversion is done in FY22.

### Why replace?

The departments jointly agree that the existing "Classic" version software, which was designed for a DOS environment and then subsequently modified to fit into a Windows environment, is outdated and obsolete. Having been built on antiquated technology, our liability of continuing to use it is that inevitably, a security change by Microsoft through their automatic updates will break our software altogether. Though we can't prove that current increased problems are directly related, it is not far-fetched to assume this trend of instability will continue.

### Why replace now?

We have purposely timed the replacement of this software in the FY22 budget cycle. The Town is going to be selecting vendors next spring to conduct a full Town-wide update of assessed values for the 2022 property tax year. The timing for the property value update itself has been planned and budgeted for over multiple budget cycles as the Town is constitutionally and statutorily required to update property values every 5 years. The last one occurred in 2017. The industry standard for updating mass appraisal software is optimal when done in the similar time period as a property value update. The myriad of valuation tables will be changing, market analysis will be new and fresh, and the update and its analysis will all be done in that new software environment. It behooves us to align all the working parts to achieve an overall successful result on all fronts-- software

implementation and its related database conversion, and up to date market values as the basis for property assessments for the 2022 property tax year.

**Which mass appraisal software packages make the most sense for the Town of Hudson?**

Patriot Properties

Patriot is the Town's existing vendor. They do offer an updated software program called AP5. In New Hampshire our vendor has 7 communities that use its software, two are actively using AP5, two are converting off of AP5 to Vision Appraisal's (VGSI) v8 software, and three are on Classic AssessPro like Hudson.

The experiences of three NH communities regarding Patriot Properties' software are worth noting:

1. The City of Rochester recently updated to AP5, at a cost of \$35,000 +/-, and the database conversion was so difficult and costly in terms of time that they are now spending \$70,000 + to convert instead to VGSI's v8 software.
2. The City of Nashua converted from Classic AssessPro to AP5 recently, but it reportedly required additional time, effort and much work from Nashua's in-house IT department staff to assimilate it successfully.
3. The Town of Hanover was on Patriot's AP5 but they have recently decided to go back to their previous vendor, Vision.

The Assessing and IT Departments jointly agree that the Town can ill afford to convert our existing Classic AssessPro software to AP5 and end up with costly issues as Rochester has just gone through. As a customer of Patriot's classic software over the past many years, our experiences with this company have not been impressive. For these reasons we do not recommend continuing with Patriot Properties as our CAMA provider.

Vision – VGSI

Vision Government Solutions, Inc. (VGSI) and their V8 software is a direct competitor of Patriot. Hudson IT staff and Chief Assessor, Jim Michaud have had the opportunity to see a demonstration of V8 and speak with program engineers and staff about their product.

VGSI has over 450 installations of its software throughout New England, 57 of which are in NH alone. Information is attached from the NH Department of Revenue Administration (DRA) that shows that of the 30 most populated communities in the state, with the most diverse databases of properties (not just residential but also commercial and industrial accounts) almost 75% use Vison's software.

Of VGSI's 110 employees, 14 are in Software, 3 in IT, 12 in software support, and 60 are active Appraisal staff. In speaking with several communities in NH as well as MA that use Vision software, the consensus is that they pay attention to their customers and provide very good service. One of those customers is the Town of Londonderry, which recently successfully converted off of Classic AssessPro to VGSI's v8 software.

The Assessing and IT Departments both agree that switching to VGSI's v8 software would be the best fit for Hudson. We would gain the benefit of being part of a large user group of VGSI users. Vision has a reputation of being very responsive to annual changes in reporting standards that NH DRA requires. Vision is a mature governmental services firm and one that would best meet the needs of the 10<sup>th</sup> largest community in the State.

Moving to VGSI provides an additional benefit to us, in that (unlike Patriot) they also conduct revaluations in the State. In the last 5 years they have done 5 revaluations including large communities like Manchester, Bedford, Portsmouth, and they are actively under contract with 4 others for the 2021/2022 tax years. Since the Town of Hudson is scheduled in spring 2021 to select a revaluation vendor for its 2022 revaluation, we would benefit from competitive pricing on that project from VGSI if we were to also have them conduct the revaluation.

#### **How much is this going to cost?**

The proposal from VGSI is attached and lays out the particulars of the cost; it is consistent with what the Town of Londonderry and the City of Rochester were charged. The base cost is \$60,000. An additional \$10,000 is necessary to convert our building sketches to VGSI, as Patriot will not release their "sketch key" to allow a digital conversion; sketches must be converted manually. There is an annual recurring cost of \$6,496 for software support and maintenance, plus an additional \$3,616 for public access to our database from the web. **Total cost: \$80,112.**

#### **Potential funding opportunity**

We are able to allocate \$25,000 from the Assessing Department Property Revaluation Capital Reserve account and still be able to have enough for a revaluation contract. **This reduces this budget request to: \$55,112**

  
GOVERNMENT SOLUTIONS

September 22, 2020

Lisa Nute  
Town of Hudson  
12 School Street  
Hudson, NH 03051

Dear Ms. Nute:

Vision Government Solutions is pleased to provide a proposal for the installation of our Computer Assisted Mass Appraisal software, *Appraisal Vision™*, as well as related conversion services. Below please find the price to convert your present Patriot CAMA system to our v8 *Appraisal Vision™* CAMA software.

The price to convert your data, install the software and provide training is as follows:

Appraisal Vision v8 CAMA Software*	\$60,000 (Site License)
Training (2 Days)	Included
Installation	Included
Data Conversion of Assessment Information**	Included
Annual Software Maintenance (up to 5 Users) (Begins 30 days after software installation)	\$ 6,496
Annual Software Maintenance (up to 10 Users) (Begins 30 days after software installation)	\$ 8,384

\*This Proposal does not include any license fees for third-party products such as ESRI's ArcGIS, SPSS, the Marshall & Swift Cost Calculators, database software, or any hardware. This proposal includes six V8 licenses.

\*\* Includes all property characteristics data and sketches for the current year, and assessment history and sales transfer history for as many years as are stored in the existing CAMA system. (We will need to obtain the electronic data in an ASCII file format along with an unambiguous file layout and existing field cards from the Town.) For sketches, the Town will need to provide sketch data in a non-proprietary traverse/string language format which shows "pen" movements for each sketch shape, and also links each shape to its associated sketch label. The data shall also include pointers from which we can derive spatial relationship between shapes. This also includes conversion of the town's tangible data. The scope of the conversion is based on the assumption that the data has been cleansed prior to extract and delivery to Vision.

**Optional Services**

Additional User Training	\$ 1,400 per Diem
Integrated GIS Module:	\$ 3,000
GIS Maintenance	\$ 725 / Year
Web Hosting (includes 10 layers of GIS):	\$ 3,616 / Year
Cloud Hosted Solution	\$8,000/Year
Additional V8 License (6 included in base proposal)	\$1,500/ Each
	\$4,000 for additional 4 seats

We have over 450 software installations in New England including over 50 in New Hampshire. We offer a flexible software package that features all of the reports needed for certification. The software provides an interchange file to move data to the Town's billing and collection system through a menu-based process, and we have worked with your existing vendor in the past. Along with our experienced conversion technicians, we involve our appraisal personnel during the conversion process. After conversion, we offer a full training program and can also offer complete Ad Valorem Appraisal services ranging from a full revaluation to a single day of consulting assistance.

This proposal is good for one year.

Sincerely,

*Tasha Vincent*

Tasha Vincent  
V8 Sales Director

## ASSESSING DEPARTMENT

### 2022 Property Reassessment

Objectives: Contract for a complete reassessment of property values to full market value for the 2022 property tax year.

The last revaluation project in Hudson was completed for the 2017 property tax year and these values have been utilized each tax year since. It is incumbent upon the Assessing Department, along with the Board of Selectmen (BOS) acting in their capacity as a Board of Assessors, to efficiently budget for our future valuation responsibilities. It is expected that our assessment ratio will continue to fall below the State's 90% of market value threshold going into the 2022 property tax year given the marked improvements in the economy and real estate market over the past few years, and expected continued improvements in each of the next 2 years, the 2019 assessment ratio was at 88.5% of market value. The State of NH statutory law, specifically RSA 75:8-a, requires a full reassessment to full market value at least once every 5 years, as well as NH constitutional law, Article 2 Part 6, requires it, so, it is not an option to not conduct a full reassessment by 2022.

The budgetary task here is to address a primary objective:

Provide budgetary funding for a full reassessment of real estate assessments to full market value for the 2022 property tax year.

The BOS, with voter's approval, established a "Capital Reserve Fund for Future Revaluation" with a starting sum of \$5,000, with BOS as agents to expend, back in 2008. The current balance of that fund is \$226,199 +/- . I anticipate that we will need approx. \$175,000 +/- to conduct the revaluation for the 2022 property tax year. The basis for this is rough estimates recently received from two revaluation contractors at \$13-\$16 per parcel (we have approx. 10,000 parcels in Town), and an estimate of \$25,000 for public utility valuation purposes.

#### Property Value Update Tasks

The department would utilize the services of a qualified company to assist the department in residential valuation model building and quality control and oversight, as well as commercial/industrial valuation tasks. In addition, the department intends to utilize the same appraisal contractor for the public utility valuation tasks as had been utilized for every utility valuation since 1992, George E. Sansoucy & Associates. The outside contractors would inspect, qualify and validate all applicable sales; collect and qualify all applicable building and land development cost data; collect and qualify all applicable real estate income and expense data (commercial/industrial properties); conduct a full in-the-field review of the community parcel by parcel; development of all applicable land tables and parameters; all applicable cost tables and parameters; all

applicable depreciation tables and parameters; all applicable sales modeling and income data modeling; conduct applicable informal hearings, as well as submission of USPAP (Uniform Standards of Professional Appraisal Practice) compliant appraisal manuals as per guidelines instituted by the State of NH. The department will coordinate all New Hampshire –Department of Revenue appraisal enforcement inquiries and oversight as it pertains to the project.

It should be stated that the appropriation request below has a revenue offset within the Capital Reserve Fund for Future Property Revaluation (5410-450) and this budgetary request will have no tax rate impact.

The estimated cost of the property reassessment is:

**\$175,000**

***Draft Motion:* To approve \$175,000 addition to 5410-252, with off-setting revenue from the Capital Reserve Fund for Revaluation in the same amount of \$175,000**

## MEMORANDUM

September 25, 2020

TO: Board of Selectmen  
Steve Malizia, Town Administrator

FROM: Jim Michaud, Chief Assessor

RE: Capital Reserve Fund for Property Reassessment – Funding

The Assessing Department is requesting the BOS's consideration to forward the attached warrant article to the warrant for continued capital reserve funding for future property revaluations. The current account balance, according to the Finance Dept., is \$226,199 + cash balance. The BOS are aware that NH municipalities are statutorily, and constitutionally, required to reassess a minimum of once every five years, and that these laws are being enforced by NH DRA. The post-Sirrell cases decision history of Town-wide reassessments is as follows:

2002, 2004, 2007, 2012, 2017

As per the above, the Town has averaged a Town-wide reassessment once every 3 years. The anticipated cost of the next town-wide revaluation, which is required to be done by 2022, is estimated at \$175,000, not counting any separate mailing of valuation notices, not counting any legislative changes between now and 2022 that could raise costs. In as much as the current budget being considered this fall of 2020 covers the 2022 fiscal year, we would want to continue to build reserves in this fund for future revaluations beyond 2022 as well.

The department is proposing (under separate cover with the IT Dept.) to allocate \$25,000 from this capital reserve for replacement of it's (to be) 20 year old CAMA (Computer Assisted Mass Appraisal) software, Patriot Properties AssessPro, with Vision Appraisals V8 software program and conversion costs.

RE: Off- Primary Budget FY22 request – Hudson Logistics Center

The Assessing Department is anticipating that it will need an appropriation in FY22 to secure the services of a high quality appraisal group to properly ascertain the property value of the Greemeadow Golf site's transformation into an ecommerce distribution facility hub, if the plan proposed to the Hudson Planning Board is approved after April 1 2021. The Hillwood Enterprises, L.P. provided "Barrett" report dated September 1 2020, Attachment C, detailed an estimated cost to the Assessing Department of \$43,200 just for the impact of expenses for the Assessing Department as associated with only the site itself. We know that if we don't plan, and solicit and obtain the best expert appraisers we can, the Town will not see the kind of anticipated tax base impact that has been touted in the various opinions cited thus far from Hillwood Enterprises, L.P. and their vendors.

The Town currently pays \$18,000 per year to maintain its assessed values on public utility property in Town, and that is on a property type that we long ago paid to build the majority of the property database upon it. The initial appraisal for the HLC will be a costly foundation to build a property value metric upon, but well worth the investment, a solid foundation of property value.

**Given all of the above and my experience, I estimate an off-primary budget appropriation request of: \$35,000.**

RE: FY2022 Budget Proposal

Please accept this letter and associated documents as the Police Department's Proposed FY2022 Budget.

The Police Department has completed and forwarded to you for review our budget proposal; which will show a 0.0% increase in our Operational spending. During the budget process my staff and I focused on continuing to replace safety equipment, as well as, equipment which will enable us to effectively and efficiently police the town. As always, our goal is to provide exceptional police service to the residence of Hudson, business owners, and to the people traversing through town.

I will be presenting two (2) outside the budget requests; both of which will need to be addressed in near future. The first being outfitting every Hudson Police Officer with a Body Camera, and second being the replacement of our aging Taser less lethal weapons. Our current Tasers are approaching their end of life. Axon (Taser Company) will no longer be servicing our Taser, but more importantly won't provide us with their \$10,000,000 Liability Insurance Policy if we don't replace our current Tasers.

We are further asking the Board of Selectmen's consideration for the Addition/Renovations to the existing building by way of a Warrant Article. The Warrant Article proposed will be for \$4,800,000

Please contact me if you have any questions or if you may need additional information.

**Re: Body Worn Cameras**

In this time of unrest in the country and the focus on transparency in law enforcement, Governor Sununu assembled the New Hampshire Commission on Law Enforcement Accountability, Community, and Transparency. This commission came out with recommendations (August 31, 2020) for law enforcement in New Hampshire that are anticipated to become law in the near future.

One of these recommendations was the use of body worn cameras. Research has been completed and the company that is a sole source of technology that would fulfill this requirement is Utility. This company's officer safety products as well as their state of the art technology are not offered by any other company. This company's product would produce the most available transparency for our agency and is endorsed by the NAACP.

The total cost of this program to the Town of Hudson is \$373,085 for an initial set up, and a five (5) year agreement. I have negotiated with Utility that we pay 25% of the total cost up front. I am committing \$93,271.25 (25%) to cover the first year cost. The initial cost will be paid for out of the Drug Forfeiture Account.

We are requesting outside the budget funding of **\$69,953.43** which represents the second year's payment which will be due in FY22. The Police Department would need to budget \$69,953.43 for the next four consecutive years to fulfill the five year agreement. We will be purchasing fifty one (51) Body Worn Cameras, and the supporting technology which is required for this system to operate.

Re: Taser Replacement

In preparation for the October 22, 2020, budget meeting, we are asking to add replacement Tasers as an outside the budget request.

Our current Taser System, the X26, will reach the end of its 5 year recommended useful life in November of 2021. Tasers that exceed 5 years old are no longer covered under the extended warranty and have been shown to fail twice as often as Tasers within the useful life period. Axon, the parent company of Taser, carries a 10 million dollar liability policy which is extended to customers who are using Tasers that are within the recommended useful life of the product. After the 5 years, this liability policy no longer covers the customer. Tasers that are twice as likely to fail are an officer safety issue and loss of the provided liability coverage could leave the town exposed during possible legal action.

The Taser 7 platform is an upgrade that is recommended by the Hudson Police Department Taser instructors. Not only does the Taser 7 platform have increased functionality, the Taser 7 also includes real-life and Virtual Reality based training for the officers.

The Hudson Police Department is requesting \$30,059.64 for FY22 which will cover the cost of 54 Tasers and all necessary accessories for the first year of a 5 year contract. The cost for the remaining 4 years will be \$38,880.00 per year. The decreased cost for year 1 represents the discount provided for the trade-in of our X26 Tasers.

## TASER 7

Our continued dedication to the TASER CEW, successful endeavors into other areas of connected law enforcement technologies, and close partnerships with thousands of agencies have informed the development of **TASER 7 – the most effective and intelligent TASER yet**. TASER 7 is designed to give officers the confidence to de-escalate dangerous situations with new components, technology, and features that include:

- Redesigned darts with Smart Probes improves accuracy, increase target retention, and improve attainment.
- Two cartridge types, Close Quarter Cartridges and Standoff Cartridges to achieve optimal probe spreads at varying distances.
- Adaptive cross connect checks and re-checks the strength of the connections between probes to provide the optimal deployment
- New Rapid Arc technology helps to achieve full-body lockup.
- The high-visibility green top laser allows for better daytime use.
- A louder warning arc serves as an additional de-escalation tool to gain compliance.

TASER 7 features wireless connectivity to Axon applications. This connectivity improves and automates workflows, so officers can focus more on policing. The platform uses removable, rechargeable batteries and utilizes a “Dock and Walk” workflow, similar to that used by Axon body-worn cameras. The platform has improved armory and administrative functions with Evidence.com and Axon Device Manager through a connected mobile application, allowing agencies to more easily manage device assignments, plus better search functionality and device status reporting to assist with inventory management and tracking.

**Increased connectivity makes the TASER system faster and more efficient. These elegant automations can help reduce the administrative time devoted to an agency’s TASER program by as much as 75%.**

### Taser 7 Certification Bundle

Axon is delivering TASER 7 to agencies with an increased focus on training. With new content, tools, and approaches to TASER training, Axon aims to help officers reduce risk, retain more information, and get more hands-on experience with the device before using it in the field. The TASER 7 Certification bundle provides all the following:

- Taser 7 Weapons with warranties for 5 years
- Rechargeable Batteries with warranties for 5 years
- Dock which charges batteries and performs firmware updates regularly.
- Safariland holsters
- TASER 7 Cartridges (Both duty and training cartridges)
- End-user Training-Including Access to Online & Virtual Reality Training Content
- Oculus Go Virtual Reality Headset & Hook and Loop Training (HALT) Suit for agencies with 50+ officers

**THE POWER TO DE-ESCALATE**

**DE-ESCALATE WITH CONFIDENCE / CONNECT TO SAVE TIME / FOCUS ON COMMUNITIES**

TASER 7—the most effective CEW ever—gives officers the confidence to de-escalate dangerous situations, provides improved integration to the Axon network for optimized workflows, and further demonstrates your commitment to keeping communities safe with reality-based training that improves outcomes.

**TASER 7**

## FEATURES AND BENEFITS

**CLOSE-RANGE OPTIMIZED:** 93% increased probe spread at close range, where 85% of deployments occur, according to agency reports

**IMPROVED DARTS:** TASER 7 darts fly straighter and faster with nearly twice the kinetic energy for better connection to the target, and the body of the dart breaks away to allow for attainment at tough angles

**ADAPTIVE CROSS-CONNECT:** Electricity is intentionally driven between all contacts to maximize the effectiveness of the probe deployment and to help compensate for close probe spreads or clothing disconnects

**RAPID ARC:** Delivers similar electrical charge as previous models but at a faster rate, causing more rapid incapacitation

**INVENTORY MANAGEMENT:** Using the Axon Device Manager mobile application to assign weapons and accessories dramatically reduces the time it takes to manage devices in the field. This new functionality includes enhanced inventory search and status updates

**DOCK-AND-WALK FUNCTIONALITY:** Firmware updates and weapon log downloads occur automatically, saving your agency time and ensuring your weapons are always up to date

**RECHARGEABLE BATTERY:** One battery for the life of the weapon

**DAYLIGHT GREEN LASER:** Improve your aim with a more visible green daylight laser

**LOUDER ARC:** Further enhances TASER 7 as a de-escalation tool

**ENHANCED DATA MANAGEMENT:** Full integration into the Axon Evidence (evidence.com) ecosystem, with re-designed pulse graphs and firing logs managed as evidence

**IMPROVED ERGONOMIC DESIGN:** Operational interfaces have been refined through extensive user feedback

## SPECIFICATIONS

**WEATHER RESISTANCE:** IP53 Ingress Protection MIL-STD-810G Test Method 510.6 (sand and dust), Method 506.6 (rain) IEC 60529

**HOUSING:** High Impact Polymer

**OPERATING TEMPERATURE:** - 4° F to 122° F [-20° C to 50° C]

**DROP TEST:** 5 feet

**HUMIDITY:** 85% Relative, Non-condensing

**LASER:** Top - High Visibility Green Class 2; Bottom - Red Class 2

**ILLUMINATION:** 300 Lumen Light Emitting Diode (LED)

**WARRANTY:** 1 year from date of receipt

**SERVICE LIFE:** 5 Years (Recommended)

## TASER 7 CERTIFICATION PLAN: EVERYTHING YOU NEED TO RUN YOUR CEW PROGRAM IN ONE PACKAGE

With the Certification Plan<sup>1</sup>, your agency can make the most of your TASER 7 CEWs. Not only will your officers be better able to limit misses, clothing disconnects and close probe spreads, but your agency will also be able to cut administrative time and build in essential training — all through one comprehensive package.

### WHAT YOU GET FOR \$60 PER OFFICER PER MONTH:

- Handle
- Holster
- Dock
- Rechargeable battery
- Axon Evidence license
- Hardware warranty
- Cartridges
- End-user training
- Instructor training voucher<sup>2</sup>
- Access to online training content
- Access to VR content
- HALT training suit<sup>3</sup>
- Oculus Go
- Training target<sup>3</sup>

### WHY THE CERTIFICATION PLAN?

**BUDGET PREDICTABILITY:** Account for all aspects of your CEW program in just one plan, covering everything from the weapon to in-person and online training.

**BUILT-IN TRAINING:** This plan was designed to arm your agency with everything needed for a robust training program—from cartridges to our online content. And by bundling cartridges and training, you can save up to 30%.

**REDUCED RISK:** By accessing end-user training with trackable modules and assessment scores, your agency can prove exactly the level of training received, thereby reducing your risk.

<sup>1</sup> Full deployment for patrol for program eligibility. For more information, please contact your representative. <sup>2</sup> Instructor voucher offered at a 1% ratio to agencies with 50 or more licenses; One Master Instructor voucher offered at 50 or more licenses with additional voucher per 1,000 cumulative licenses.

<sup>3</sup> Only for agencies with 50+ officers.

RE: FY2022 Budget Request

Please accept this letter and associated documents as the Fire Department's Proposed FY22 Budget.

The Fire Department has forwarded to you, by way of this budget proposal, what we as an organization feel is required to provide emergency and associated services to the Town for FY22. The Board of Selectmen asked the Department Heads to submit a budget proposal with a 0% increase on the operational side of our budgets. As of this submission we are happy to report that we have met this goal and provide you with a budget that will continue to support and maintain all safety and delivery programs provided by the Fire Department.

The objective for our FY22 budget request remains constant with our prior requests; which is, continuing to provide emergency and support services to the Town of Hudson with the highest degree of excellence, proficiency and compassion. This goal is accomplished through preparation of our people, a consistent and efficient prevention effort, and the protection of the community and our employees when an emergency does arise.

As a brief overview of the budget you will note that we have proposed changes that will assist us in supporting our core values, mission and vision. Additionally we have targeted areas that will provide us consistency and operational efficiency.

With the ultimate impact of COVID-19 on our service delivery we have identified programming that will allow us to continue to meet the goals of the department and the community.

We offer the following outside of the budget requests for the Board of Selectmen's consideration:

- We are asking for your support of a warrant article to add an additional \$25,000 to the Fire Apparatus Repair/Refurbishment account that was established in March of 2008.
- The second outside the budget request is to support the implementation of a new software program to assist the fire department with the delivery and tracking of training and inventory control.
  - Target Solutions is a cloud based inventory and training delivery and tracking software.

- As with any department in the Town of Hudson, the fire department continues to implement new inventory programs that will provide us with opportunities to plan maintenance, value and replacement of critical inventory needs. This will lead us to a more efficient budget program that is built on inventory controls.
- This program will also become our primary training delivery and tracking program. As with any other profession, the members of the fire department are required to reach benchmarks each year to support skill development. This program will allow us to have access to up to date delivery programs and assist with recertification through up to date tracking. Each year members of the department participate in over 1,000 hours of continuing education. This ultimately needs to be logged by the administration in a manual application. Target Solutions will provide an opportunity for education efforts to not only participate in but to be recorded without the need of additional tracking. This will improve our efficiency administratively and provide a better support system for our members.
- The implementation of this program will cost \$11,000. This will cover all needed licenses and programming. Maintenance costs moving forward will be \$395 per year.

Please contact me directly with any questions or if you require additional information regarding any item that is contained in this budget submittal.

## Mission Statement

The mission of the George H. and Ella M. Rodgers Memorial Library is to provide residents of Hudson, NH, with enhanced opportunities for social, cultural, economic and intellectual growth, and to promote literacy through ready access to current and relevant information and a core collection of materials in a well-staffed, comfortable and safe environment.

In order to enhance the quality of life, provide lifelong learning and meet the growing needs of the members of our community, the Rodgers Memorial Library utilizes all traditional and innovative modes of library service; initiates and anticipates future modes of learning through access to technological and electronic/digital means of information access and retrieval; and makes available opportunities for one to one learning and growth for all age groups in the community.

The Library Board of Trustees adopts and declares that it will adhere to and support the Library Bill of Rights and Freedom to Read Policy and Freedom to View Statements adopted by the American Library Association.

## Objectives/Goals

The Rodgers Memorial Library provides a wide-ranging menu of services to the Hudson community by

- completing and implementing Strategic Plan
- protecting and preserving the inherent values of library systems which are a key part of our democratic national heritage
- supporting the long and honorable role of public libraries in the state of New Hampshire and the two-century history of the Hudson library system
- insuring effective utilization and stewardship of donated funds dedicated to Library development and growth
- providing a center for community activity based on skill acquisition, intellectual and social development of individuals and groups, and economic attraction for business development
- increasing the number of resident library card holders
- accessing and using traditional and electronic resources for pleasure reading, learning, research and reference
- maintaining state of the art access to electronic and digital resources and providing training for residents in utilization of these resources
- stimulating the growth of reading and knowledge acquisition through reading programs for pre-school and school age children, book clubs and study groups for young and mature readers, knowledge based group and individual programs including tutoring groups
- providing interaction and collaboration with Town and school departments and with other community libraries in the state

## Challenges

Major challenges facing the Rodgers Memorial Library include

- ongoing education and advocacy to residents on behalf of the library regarding the Incredible value of a strong library system in supporting the community's educational growth and economic development and the preservation of the ideals of democracy
- ongoing fiscal challenges resulting from local budgetary concerns
- concern for just and competitive salary schedules for trained, experienced and dedicated library staff
- restriction of support from the NH State Library resulting in constriction of local databases

SEP 23 2020

TOWN OF HUDSON  
SELECTMEN'S OFFICE

At our meeting held on September 22, 2020, the Municipal Utility Committee requests Board consideration to include a warrant article, as part of the FY 2022 budget, to fund the VacCon Truck Capital Reserve Fund with \$30,000. \$15,000 to come from the Sewer Utility Fund and \$15,000 from the Town General Fund. The Committee wants to keep the reserve growing so that we are prepared to purchase a new truck when needed.

Motion made by Chelsea Prindiville; second by Dawn Lavacchia "to recommend the Board of Selectmen include a warrant article as part of the FY 2022 Budget to fund the Vaccon Truck CRF with \$15,000 coming from the Sewer Fund and \$15,000 coming from the Town General Fund." Motion carried.

### **Funding for Fire Apparatus Refurbishment/Repair Capital Reserve Fund**

The funding for this capital reserve fund was established through the Town of Hudson warrant on March 11, 2008. With the changes to the rules surrounding the funding of capital reserve fund we are proposing a warrant article to continue the funding of the account.

The intention of this capital reserve fund was to fund the refurbishment and repair of the fire department's fire apparatus. In total this accounts the maintenance and repair of five pieces of fire apparatus; three pumpers, one tanker, one ladder truck and one forestry unit.

The expected lifespan of a piece of fire apparatus is twenty years. When this account was established the intention was for the unit to receive a updating and repair of all of the major components of the specific piece of fire apparatus. This is slated to take place at the ten year mark roughly half way through its lifecycle. This mark was selected after a review of several piece of apparatus that struggled to remain operational to the end of its serviceable life.

We believe that with the legislative change this reserve fund continues to remain a valuable tool for the fire department and a wise investment for the Town of Hudson. This will allow for the saving to take place over several years, to assist keeping the tax rate stable and not require the raising of funds in one fiscal year.

## Expansion and Renovation of the Police Facility

Warrant Article A represents the cost of expanding and renovating the Police facility located at 1 Constitution Drive. The Hudson Police Station was originally designed as a 24,000 square foot facility in 1994, however the town elected to decrease the budget and the Police Station was constructed as a 14,000 square foot facility which opened in 1995. The Police Station footprint has remained unchanged for 24 years despite the growth of the department.

The needs for the expansion and renovation of the Police facility have been well documented, starting with Kaestle Boos Associates who designed the original building. When the original design was decreased to 14,000 square feet they advised the Hudson Police would outgrow the facility in 10-15 years. The need for this project has been more recently documented by Municipal Resources Incorporated (MRI) who conducted a needs assessment of the current police facility and documented 40 recommendations which would be addressed by an expansion and renovation of the facility. The Capital Improvements Committee put the expansion and renovation of the Police facility as the top priority in the current Capital Improvement Plan (CIP).

The proposed expansion seen above would add approximately 5,700 square feet to the current facility while also renovating the current building to better utilize the space available. The covered carports pictured above have been removed from the proposal in an effort to decrease the burden of this project on the town.

**Goals for this Expansion and Renovation are:**

- Increasing security to limited access points of the facility.
- Provide updated locker facilities, to include adding lockers so all female employees have access to a locker.
- Increase storage throughout all divisions of the police facility.
- Provide an area for crime scene processing and increased evidence storage.
- Additional secured space for a Computer Forensics area and a Narcotics Unit.
- Addition of designated interview rooms for victims and suspects.
- Addition of a rollcall room/EOC with adequate space to serve its designated function.
- Renovation and relocation of divisions to increase effectiveness and improve work-flow.

### Transfer Station Retaining Wall

Warrant Article X represents the cost of the retaining wall associated with the Transfer Station facility located at 26 West Road. The Hudson Transfer Station is in need of major upgrades and increased capacity related to daily operations. The Town is in the process of developing a master plan to transform the Transfer Station into a state of the art facility which will handle the current and future needs, while addressing safety, liability and compliance aspects of this site.

#### Goals for the Future Transfer Station Facility:

- Increasing safety and capacity of the operations.
- Provide the ability for the Town to have a facility that they can operate or lease it to an operator.
- Provide the ability for reducing the cost of the trash removal and recycling, long term and short term.
- Provide a better flow for processing and increase efficiency and safety.

The first step of this undertaking is the construction of a safe retaining wall with a capacity to handle up to 17 dumpsters.
