

TOWN OF HUDSON

Highway Safety Committee

12 School Street • Hudson, New Hampshire 03051 • Tel: 603-886-6008 • Fax: 603-816-1291

To: Board of Selectmen
Roy Sorenson, Town Administrator

From: Highway Safety Committee (HWSC)

Subject: Highway Safety Committee Composition and Meeting Protocol

This Committee includes the Public Works Director, Police Chief, Fire Chief, the Chairman of the Planning Board (or their designee, who has typically been the Town Planner), and the Town Engineer.

Although these meetings are considered internal staff meetings rather than formal public meetings, they are open for members of the public to attend. Participation, however, is limited to applicants with matters currently under review by the Committee, in order to keep discussions focused and productive.

To date, everyone from the public who has expressed interest in attending has been welcomed, and we plan to continue that approach. No Board of Selectmen liaison has ever been officially assigned to this committee, nor should one be moving forward, given the nature of these meetings been staff meetings.

Anyone wishing to attend as a guest is more than welcome and will be seated in the public section. We kindly ask that attendees observe quietly and refrain from participating, in order to maintain the structure and purpose of the meeting.

Sincerely,

Elvis Dharma, P.E.
Town Engineer
Current HWSC Chairman
