# TOWN OF HUDSON

## Budget Committee

---

12 SCHOOL STREET HUDSON, NEW HAMPSHIRE 03051 (603) 886-8000

The newly formed business advisory council that has been formed by the school board and business within the community have met for the first time.

The School Board has completed there budget as it has been presented tonight to the committee. It is also noted that it has come in at \$432,000 dollars less than the default budget.

### Selectman's Liaison Report

As requested of the department heads by the BOS (Board of Selectman) had asked for each department to come in with a 0% increase in there budget's and as we deliberate the budget for the town, the committee should see that this request had been met.

The joint planning committee has not had a meeting in recent weeks, but a lot has been done even without meeting. The cloud testing between the Town and the Library is still going on and once completed the Library will migrate all of their servers over to the town's servers. Also now that budgets have been completed by the BOS and School Board's, they will be looking for the IT manager for the school to be more involved in completing the work that has been started between the schools and the town.

The Town is working with the Nashua Regional Planning Commission and the School district to get lower rates for electricity in a package deal for all. There are some good rates that have been offered and the Town has signed an agreement of participation in a multi year contract to get a better rate for electricity. The School district will possibly be looking at the end of there current contract with another company to join in on this effort.

Motion by Normand Martin to accept the minutes of September 15, 2011 as amended, Seconded by John Drabinowicz. Motion Carried 10-0

Motion by Stuart Schniederma n to accept the Minutes of October 20, 2011 as amended, Se-  
conded by Normand Martin. Motion carried 10-0
