

Minutes of Hudson, NH Cemetery Trustees meeting June 17, 2023

1. Meeting called to order at 1 PM in the Town Hall parking lot.
2. Present was Christina madden, Mel Gannon, and Lauren Young.
3. The Trustees then carpooled to the following cemeteries to view current conditions and any need for repairs.
 - a. Sunnyside Cemetery
Nicely mowed
Several broken headstones; photos taken for DPW to see
Bushes need trimming around two headstones; photos taken.
 - b. Old Center Cemetery
No problems noted at this time although moss and lichen need cleaning on a few headstones; Mel and Lauren will take care of that
 - c. Ford Cemetery
Needs mowing
Headstone in need of repair; photo taken
Tree should be cut down; photo taken
 - d. Blodgett Cemetery
Mowing needed
One headstone starting to separate from base; photo taken.
 - e. Poor Farm Cemetery
We did not drive to the Poor Farm Cemetery as Christina had been there in December.
Needs bushes along path to the cemetery trimmed back as they are hanging over the path.

We did not drive to Senter Cemetery as it had started raining heavily. Christina will drive over to inspect, but usually there is very little needed except mowing.

We discussed the need to formally transfer Sunnyside Cemetery to the Town. Dave Alukonis had been in charge of this, but we've received no communication from him regarding this matter. Christina will meet with the Town Administrator to discuss how to proceed.

A copy of suggested repairs to the cemeteries will be sent to the DPW chief, Jason Twardosky. Christina will make an appointment to meet him and discuss our suggestions since we have not met Mr. Twardosky previously.

Meeting adjourned at 1 PM.
