Hello Leo and Linda,

I work with GDS Associates, a consulting company in Manchester. We organize the NH Utility Energy Code Workshops that are offered through the state. We are looking for a venue in Hudson to host a residential energy code workshop this fall (September – November). I have already visited the George and Ella Rodgers Library and was considering that as one option. I was looking for other suggestions, as I assume you know the area better than I do. We would also like to promote this workshop – which will be free and open to the public – through the Hudson community. Ideally we would like to have builders from the area attend as well as Energy Committee Members, architects, code officials, etc.

Please feel free to email or call me at [603-656-0336](tel:603-656-0336).

Thank you,

Send me faxes using my custom [Fax Coverpage](#).
