

# TOWN OF HUDSON

## EMERGENCY MANAGEMENT

12 SCHOOL STREET, HUDSON, NEW HAMPSHIRE 03051

The following is an update regarding the activities of the Hudson Emergency Operations Center in response to the COVID-19 pandemic. You will note that we review several pieces of information in an attempt to forecast our response locally. This is an ever changing event that requires a close coordination with local, state and federal partners.

### General Overview

## U.S. COVID-19 Data

---

### *Summary of Centers for Disease Control (CDC) Data*

<b>Date</b>	<b># of U.S. Cases</b>	
1/22/20	1	
1/31/20	7	
2/15/20	13	
2/29/20	24	
3/15/20	3,487	
3/18/20	10,442	
<u>3/21/20</u>	<u>24,583</u>	<u>60 Days from 1<sup>st</sup> US case</u>
3/24/20	54,453	
3/28/20	122,653	
3/31/20	164,000	3,100 deaths (now exceeds 9/11 toll)
4/07/20	369,069	10,993 deaths
4/14/2020	582,634	23,654 deaths

### **Current Data:**

---

#### **New Hampshire:**

1020 Positives      23 deaths      398 in Hillsborough County

10-19 estimated to be in Hudson.

The State of New Hampshire continues to work with public health partners to create surge areas to support local hospital capacities. In the Hudson area we have a surge area established at Nashua Senior High School South and SNHU arena in Manchester.

We continue to work locally to establish routes to secure protective clothing and create a logistical path for creating an efficient utilization of supplies.

As we continue to move toward the potential peak of the COVID-19 event, Dr. Chan has reported that our community mitigation efforts are having an impact in slowing the spread. This is important as we continue to monitor hospital census and surge capabilities state wide.

Dr. Chan also expressed that it was an important time to remain vigilant in our efforts. Staying home, maintaining social distances, remote learning and the limitation of nonessential services are important to our efforts to continue to slow the spread of COVID-19.

### **Tremendous Progress & Hope:**

Abbott Labs of Scarborough, Maine has FDA approval of a 15 minute rapid COVID test. The State of New Hampshire is slated to receive 15 of these devices. Currently they have the first two units operating.

### **Incident Goals**

---

As presented to the Board of Selectmen during the March 24, 2020 meeting the following goals were established;

- Provide for employee health and safety.
- Create a plan that would provide services to the community during the NH State of Emergency.

### **Accomplishments**

---

- The Continuity of Operations plan supported by the Board of Selectmen has been put into place and adjusted to make sure we were meeting the intent of Governor Sununu's stay at home order. This was issued effective Friday, March 27, 2020.
- The following guidelines and messaging has been developed
  - Remote working guideline
  - Earned time usage guideline
  - Secondary employment guideline
  - Emergency order review
  - Development of messaging regarding virtual recreation programs
  - Development of messaging regarding available conservation areas
  - CDC Guideline review
  - Implementation of Convenient MD program
- We continue to monitor and adjust protective clothing updates.
- We are reviewing and implementing new CDC guidelines for both employment and public use.
- Public Messaging regarding COVID-19 information and town impacted services have been made available to the public through the Town of Hudson webpage, social media platforms and Hudson Community Television programs.
- We have issued an updated Incident Action Plan for this week.
- Employee and Performance Surveys have been developed and distributed. Surveys will be collected through the end of the day Friday.

- We continue FEMA ICS 214 Activity forms, tracking department activities to support the disaster declaration authorized by the President of the United States.

## **Concerns**

---

- We continue to monitor growing positive cases in the Hudson area. As you are aware, last evening it was reported that Hudson had between 10-19 cases locally. We have started to see an increase in incidents that are being classified as COVID-19 related. We are anticipating our case numbers to increase.
- We continue to monitor protective clothing supplies for first responders. Currently the State of NH continues to identify opportunities to improve supply numbers.

## **Financial Review**

---

As established in the Emergency Operations Plan, we have established a Finance branch led by Kathy Carpentier Finance Director. Early on we established this organizational branch so we could track all purchases undertaken to support our efforts to meet the challenges of the COVID-19 incident. To date our expenditures have totaled \$42,516.80.

## **Weekly Goals**

---

The following goals are being established;

- Develop workforce communication plan
- Develop and implement an Economic Development Branch to support our business community
  - Identify support programs for Hudson businesses
  - Identify opportunities to stabilize the business environment
- Develop Employee health and safety plans
- Continue to develop virtual meeting platforms
- Implement electronic distribution of payroll

This report is a synopsis of the activities that have taken place to meet the challenges of COVID-19. As we have reviewed, this event is constantly evolving and information is usually outdated prior to a briefing being written. I am thankful for the support of our partners and staff who have a tremendous amount of time invested into the event. If it was not for our team we would severely be hampered in our efforts.
