

TOWN OF HUDSON

EMERGENCY MANAGEMENT

12 SCHOOL STREET, HUDSON, NEW HAMPSHIRE 03051

The following is an update regarding the activities of the Hudson Emergency Operations Center in response to the COVID-19 pandemic. You will note that we review several pieces of information in an attempt to forecast our response locally. This is an ever changing event that requires a close coordination with local, state and federal partners.

5/12/2020	1,347,936	80,684
5/19/2020	1,508,957	90,396
6/2/2020	1,811,277	105,147

Current Data:

New Hampshire:

4,685 Positives 245 deaths 2,486 in Hillsborough County

87 estimated to be in Hudson.

Incident Goals

As presented to the Board of Selectmen during the March 24, 2020 meeting the following goals were established;

- Provide for employee health and safety.
- Create a plan that would provide services to the community during the NH State of Emergency.

Incident Update

This past week Governor Sununu extended “Stay at Home 2.0” Until June 15th. We will continue to see additional industries work through the re-opening phase with Lodging, Driving Schools and Day Camps guidance being issued.

The re-opening working group continues to work on a proposal for the Board of Selectmen to suggest guidance on how public facing services and the reduction of the continuity of operations

should be demobilized. We anticipate having a proposal to the Board of Selectmen for their June 9, 2020 meeting.

Guidance for recreational programs and committee chairs has been developed by Safety and Health. This guidance is available for Hudson Youth Baseball/Softball and Pickleball activities. Safety and Health has also met with the Friends of Benson Park. They are currently working through preparation efforts for the June 5th and June 16th openings.

We have started to work with the Hudson School District who is in the process of planning graduation efforts for the Class of 2020. We are attempting to provide guidance regarding a potential outdoor ceremony at Alvirne High School.

The Town of Hudson's Emergency Operation Center continues to work diligently as we enter the recovery mode of the incident. We have started to plan for long term practices that will reengineer processes and policy to improve service delivery for the future. Please remember our goals provide for employee health and safety and to create a plan that would provide services to the community during the NH State of Emergency.

Accomplishments

- The Continuity of Operations plan supported by the Board of Selectmen has been put into place and adjusted to make sure we were meeting the intent of Governor Sununu's stay at home order. This was issued effective Friday, March 27, 2020.
- The following guidelines and messaging has been developed
 - Remote working guideline
 - Earned time usage guideline
 - Secondary employment guideline
 - Emergency order review
 - Development of messaging regarding virtual recreation programs
 - Development of messaging regarding available conservation areas
 - CDC Guideline review
 - Implementation of Convenient MD program
- We continue to monitor and adjust protective clothing updates.
- We are reviewing and implementing new CDC guidelines for both employment and public use.
- Public Messaging regarding COVID-19 information and town impacted services have been made available to the public through the Town of Hudson webpage, social media platforms and Hudson Community Television programs.
- We have issued an updated Incident Action Plan for this week.
- Develop Employee health and safety plans
- Continue to develop virtual meeting platforms
- Implementation of localized testing
- Implementation of wellness programs for town employees
- Continue implementation of the six goals created by the command staff to further develop the EOC Operation
- Implementation of Emergency Order #40 Stay at Home 2.0
- Implementation of a hot line for questions from Hudson Residents
- Continue to pursue and identify funding opportunities
- Implementation of plan to improve workspace safety levels
- Review potential credit card efficiency with the Board of Selectmen
- Start the development phase of the suggested re-opening plan

- Implemented a long term solution for collecting public input during Board of Selectmen's meetings
- Develop a mass vaccination program
- Implementation of recreational and committee meeting safety protocols
- We continue FEMA ICS 214 Activity forms, tracking department activities to support the disaster declaration authorized by the President of the United States.

Concerns

- We continue to implement Stay at Home 2.0, specifically the requirements for outdoor dining.
- We continue to pursue additional public testing opportunities. Currently we are seeing additional testing in targeted groups and not the general public. The intention is to assist with isolation of spread in the highlighted facilities.
- We continue to monitor protective clothing supplies for first responders. Currently the State of NH continues to identify opportunities to improve supply numbers. We are additionally looking to secure a supply chain that will support efforts for the long term, with the forecasted outbreak in the fall.

Financial Review

As established in the Emergency Operations Plan, we have established a Finance branch led by Kathy Carpentier Finance Director. Early on we established this organizational branch so we could track all purchases undertaken to support our efforts to meet the challenges of the COVID-19 incident. To date our expenditures have totaled \$287,911.88. The bulk of the noted increase is related to the first responder stipends for both fire and police departments.

Weekly Goals

The following goals are being established;

- Re-Opening Working Group
- Finalize opening guidance and signage for the Benson Park opening
- Create a long term vision for best industry standards for EMS delivery
- Identify long term facility updates

This report is a synopsis of the activities that have taken place to meet the challenges of COVID-19. As we have reviewed, this event is constantly evolving and information is usually outdated prior to a briefing being written. I am thankful for the support of our partners and staff who have a tremendous amount of time invested into the event. If it was not for our team we would severely be hampered in our efforts.
