- IV. Items to Discuss
  - a. Lowell at Birch- Add flashing light to red light.
    - i. Motion by E. Dhima, second by T. Dionne to move forward with installation of flashing light if funding through highway corridor safety fund is available. Passed 4-0
  - b. Tamarack/Fur/Cottonwood- Tree blocking line of sight at stop sign.
    - i. Discussion that tree only partially blocks line of sight if stopped at the stop line. Motorist should creep forward to achieve appropriate line of sight. The committee does not believe it is advisable to force the owner of the tree to trim it.
  - c. Atwood Ave- Additional streetlight requested for pedestrians.
    - i. Discussion that there is no funding for this project and streetlights are usually only added for vehicular traffic safety. Committee also had concerns that some residents in the area may object to the additional street light.
  - d. Winslow Farm Rd- Concern for speeding traffic.
    - i. Charles Healy of 29 Winslow Farm Rd appeared in person to express his concern for the amount and speed of traffic on Winslow Farm Rd.

- ii. Chief Dionne stated that HPD would conduct directed patrols in the area.
