Article 20      Are you in favor of the adoption of Amendment No. 19 as proposed by petition for the Town Zoning Ordinance as follows

Should the Town of Hudson place a one-year temporary moratorium beginning the day of the March 2024 election, as allowed per RSA Section 674:23, on issuing new building permits and approving subdivisions or site plans in Zones B, I, G, and G-1? This article aims to manage rapid development challenges, ensuring better traffic, utility, and public safety management. The moratorium, however, would not affect ongoing residential projects or expansion or remodeling of existing residences or businesses. This article will give the town time to update its Master Plan and zoning regulations for better future growth management, without impacting current homeowners in these zones. The suspension could end earlier if the updates are completed before the year ends.
