Dear Members,

Brett Gagnon is now the BOS liaison to the Sustainability Committee.

He has been in contact with me and is very responsive to questions!

Brett advised that the Sustainability Committee should move forward regarding gathering data on Community Power/Community Power Aggregation with the goal of developing a Warrant Article for March 2022.

I have signed up for each of the presentations included in the email below. Each of you is welcome to sign up as you wish, have time.

The great news is that each will be recorded and available for viewing at each person's convenience after the actual presentation day!!

I will be doing my best to take notes and send out a report of the information that appears to be of most importance to Hudson.

If anyone "attends" one or more of the presentations or views one or more at a later date....please share your notes to HUDSONSUSTAINABILITY@GMAIL.COM.

I will then send your report(s) out using BCC to members.

Take care,

Debbie Putnam

Subject: Webinar/Discussion Series: Roadmap to Community Power, 2022

Hello,

You are invited to register for a webinar/discussion series organized by [Clean Energy NH](#), [Local Energy Solutions](#), and [Community Power Coalition of New Hampshire](#).

Webinar/Discussion Series Title: Roadmap to Community Power, 2022: a Guidebook for Local Energy Committees and Elected Officials

Blurb: "[Roadmap to Community Power](#)" is a forthcoming downloadable guidebook for community leaders seeking to implement programs in their city or town. Over the course of two webinars, we will walk participants through each of the Roadmaps' six chapters. Each webinar will be followed by a community discussion where attendees can network with peers and ask follow up questions of Community Power experts.

Event Schedule:

- **Tuesday, May 4, 12pm:** Roadmap to Community Power Webinar Part 1 will cover the first three chapters of the Roadmap: (1) Join the Coalition; (2) Form an Electric Aggregation Committee; (3) Collect Data & Set Goals.
 - [Register Here](#)
- **Thursday, May 13, 5:30pm:** Community Discussion Part 1. Join peers and experts to share updates on Community Power progress in your town, ask questions and connect.
 - Zoom Discussion Room:
