Subject: CENH Membership: Access + Benefits

Hello Debbie,

On behalf of the team at Clean Energy NH, we are grateful for your membership. With your support, we are able to continue to provide our members with valuable benefits and promote clean energy and technologies through education and advocacy for a stronger economic future for all Granite Staters.

In an effort to better serve our members and ensure you are taking advantage of the benefits offered as part of your Municipal membership, a reminder of a few benefits below (find more in the attached):

- [Exclusive access to our members-only resource pages](#) which provide up-to-date information regarding our legislative tracking. Please feel free to share this with your committee members. See below with how to gain access to the portal.**
- Member access to our events and discounts to events including educational and informational webinars, the annual [Local Energy Solutions \(LES\) Conference](#) (NH's largest energy conference taking place on Thursday, November 2), and the Summer Cruise (Spring 2024).
 - If you or a committee member are interested in attending the 2023 LES Conference, your Municipal membership provides you with two (2) complimentary tickets. Please [find more details and registration \(with promotional code\) here](#).
- Access to CENH's policy and regulatory email newsletters and our weekly policy calls during the legislative session (January - June).

While I have you, might you confirm the individuals that are on your committee? I'd like to make sure that those engaged with your energy committee are receiving our communications. If there are other members of your team that you would like to have access to the online portal OR to our policy and regulatory newsletters, please let me know and include their emails with your response.

***To gain access to the members-only pages, visit the CENH website, look to the top right of the screen and click on "Login." On that screen, click on where it states to "Sign Up." Complete the short form and then we will approve you through the backend of the website. Once you are approved, you will receive an email to confirm your account. From there, you'll have the login credentials to view the webpages at your convenience. Please note: Access will be removed if annual membership is not renewed with our organization.*

If you have any questions about membership, your benefits, or our work, please feel free to reach out. Thank you again for your support!
