

TOWN OF HUDSON NH RESIDENT COMPOST

This compost is available for Hudson NH residents only offered through an honor system. It is comprised of years of yard waste which has been recycled, composted, and then screened producing a robust natural additive. This compost provides essential nutrients improving soil structure and moisture retention thereby promoting a thriving garden environment. Compost is available on a first come first serve basis while it last.

Residents may take up to (5)- 5 gallon buckets per visit. A soil profile has been provided for additional information.

Thank you for your cooperation and Happy Gardening!
