Standard Public Notice Instructions and Guidance Water Division/Drinking Water & Groundwater Bureau

Public Notice requirements may be found in NH administrative rule Env-Dw 801.

- Public Notice (PN) must be provided to your consumers as soon as possible, but **no later than 30 days**, after learning that a standard public notice is required.
 - ❖ Closed seasonal systems must post Public Notices upon reopening.
- The PN must be delivered in a manner calculated to reach all persons served by the water system. (Acceptable delivery methods in Env-Dw 801.08 and 801.11 and listed on the Standard Public Notice Certification Form.)
- PNs must remain posted for as long as the violation persists, or 7 days, whichever is longer.
- Notice and certification shall be repeated every 3 months as long as the violation or situation continues.
- If the system serves a consecutive system, deliver a copy to the owner or operator of the consecutive system for distribution.
- Keep a copy of the public notice and certification page on file for 3 years.
- Request for extension must be in writing prior to the end of the 30-day notification period.

PUBLIC NOTICE

A template for a standard PN is on the following page. The template includes mandatory language in *italics* and additional language for the consumer. You are not required to use an available template but completing all information in the template produces a complete public notice.

On the template, enter:

- **Public Water System Name and ID**** – The assigned public water system name and ID #.
- **Violation or situation**** – Identify violation, situation or contaminant and level detected.
- **Date of violation or date sampled.****
- **Compliance period**** – Note the compliance period, month or quarter and year.
- **Population at risk and potential health effects.**
(If this information is not entered on the template, it can be found in Env-Dw 804 – 810.)
- **Steps being taken to correct the situation** – Explanation of actions being taken to correct the situation.
- **Expected resolution date** – The date the situation will be corrected.
- **Contact information** – Contact name, company, address and telephone number that customers can contact for further information.

***This information can be found on the Notice of Violation.*

If not using a NHDES Public Notice template, refer to Env-Dw 801 for mandatory Public Notice content and language.

CERTIFICATION

The water system **must** certify to NHDES that it has complied with the Public Notice requirements.

- Within **10 days** of issuing the PN.
- Include a representative copy of each type of public notice distributed.
(If printed in a newspaper, include one complete page or a copy of an invoice showing print dates.)
- Stating when, where, how, and by whom the PN was distributed.

Completing the **Standard Public Notice Certification Form** and submitting it to the Drinking Water & Groundwater Bureau, with copies of the complete **Public Notice**, satisfies the Public Notice Certification requirement.

IMPORTANT NOTICE ABOUT YOUR DRINKING WATER

Monitoring & Reporting Requirements Not Met

Public Water System Name: Hudson Water Dept. PWS ID: 1201010

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the compliance period noted below, we did not “monitor or test” or “did not complete all monitoring or testing” for the listed contaminants, and therefore cannot be sure of the quality of your drinking water at that time.

Contaminant(s) (What we were supposed to sample for)	Compliance Period (Month or quarter and year we were supposed to sample)	Date sample was or will be collected (If a make-up sample is required)
TTHM	April, Quarter 2, 2021	Make up samples not required
HAA5	April, Quarter 2, 2021	Make up samples not required

What should I do?

There is nothing you need to do at this time.

Steps being taken to correct the situation: We have revised the sampling schedule and brought in our in-house Compliance Support Team for oversight.

Expected Resolution Date: Resolved 7-21-2021

Contact Name: Steven Cheney

Company: Whitewater, Inc.

Address: 4 Candy Lane Unit 4

Telephone Number: 603-321-8318

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
